

eStatements Features and Benefits

As a standalone service, eStatements can either be integrated into our advanced payment solutions or used alongside your existing payment processing service. We'll help you keep track of who's opted in to get eStatements and who wants to receive paper statements so that your patients can get their invoices in their preferred format. Your patients will receive the eStatement via email and simply click through a link to pay their bills online. Not only is this more convenient for your patients, but you'll also get paid faster and improve your cash flow.

We take care of the entire billing process for you—from statement design to payment tracking—so you don't have to worry about the administrative work and associated costs.

Why Use Our eStatement Service?

- Eliminate cumbersome paperwork that could easily get lost in the clutter so that patients will pay their bills on time.
- Shorten payment cycles and reduce time in account receivables so you can improve your cash flow.
- Get up and running in no time with our easy setup and upload process.
- Project a professional image with our patient-friendly statement design.
